Independent Auditor's Report

To the Plan Administrator, the Trustees, and Retirement
Committee of the Regional Transportation Authority
Pension Plan, and the Board of Directors of the
Regional Transportation Authority
Chicago, Illinois

We have audited the accompanying financial statements of the Regional Transportation Authority Pension Plan ("Plan"), a pension trust fund of the Regional Transportation Authority ("RTA"), as of and for the years ended December 31, 2010 and 2009, as listed in the table of contents. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the Plan and do not purport to, and do not, present fairly the financial position of the Regional Transportation Authority, as of December 31, 2010 and 2009, or the changes in its financial position for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Plan of the Regional Transportation Authority, as of December 31, 2010 and 2009, and the changes in the financial position for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis on pages 2 through 4 and the pension related information on pages 14 through 16 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit such information and we do not express an opinion on it.

Our audits were conducted for the purpose of forming an opinion on the financial statements of the Plan. The schedule of return on assets listed in the table of contents as supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audits of the basic financial statements and, accordingly, we express no opinion on it.

Management's Discussion and Analysis

This section provides an overview and analysis of the basic financial statements of the Regional Transportation Authority ("RTA") Pension Plan ("Plan") for the year ended December 31, 2010. We encourage readers to consider information in the financial statements and required supplementary information that follow this document.

Overview and Analysis of the Financial Statements

The RTA Pension Plan annual financial report consists of four parts – the independent auditor's report; management's discussion and analysis (this section); the financial statements, including notes to financial statements; and the required supplementary information. The basic financial statements of the Plan are the Statement of Plan Net Assets and the Statement of Changes in Plan Net Assets. These statements provide information about the nature and amount of investments available to pay the pension benefits of the Plan. The Statement of Changes in Plan Net Assets accounts for all additions to and deductions from the net assets held in trust for pension benefits. This statement measures the success of the Plan in increasing the net assets available for pension benefits during the year.

2010

The Statement of Plan Net Assets and Statement of Changes in Plan Net Assets measure the value of plan net assets and the changes to them. As of December 31, 2010, the plan net assets increased to \$135.1 million. The increase in net assets of \$15.2 million resulted primarily from investment gain of \$12.0 million and employer contributions of \$11.3 million offset by benefits paid of \$7.5 million and administrative expenses of \$629 thousand. Employer contributions were recorded as receivables at December 31, 2010 and are required to be paid in 2011.

2009

The Statement of Plan Net Assets and Statement of Changes in Plan Net Assets measure the value of plan net assets and the changes to them. As of December 31, 2009, the plan net assets increased to \$119.9 million. The increase in net assets of \$22.4 million resulted primarily from investment gain of \$21.1 million and employer contributions of \$10.8 million offset by benefits paid of \$9.1 million and administrative expenses of \$403 thousand. Employer contributions were recorded as receivables at December 31, 2009 and are required to be paid in 2010.

**Regional Transportation Authority
Pension Plan**

Management's Discussion and Analysis

Plan Net Assets — The following table summarizes the Plan's Statement of Net Assets:

	<u>2010</u>	<u>2009</u>	<u>2008</u>
Assets			
Cash and investments	\$ 123,986,957	\$109,210,234	\$ 88,350,999
Contribution receivables	11,288,000	10,827,000	9,195,000
Other receivables	<u>69,623</u>	<u>14,713</u>	<u>20,005</u>
Total assets	135,344,580	120,051,947	97,566,004
Liabilities			
Accrued expenses	<u>249,396</u>	<u>133,819</u>	<u>95,318</u>
Plan net assets held in trust for pension benefits	<u>\$ 135,095,184</u>	<u>\$119,918,128</u>	<u>\$ 97,470,686</u>

2010

In 2010, the plan net assets increased by 13% (\$15.2 million). The increase is due to investment gains of \$12.0 million and employer contributions of \$11.3 million, offset by benefit payments and administrative expenses of \$8.1 million.

2009

In 2009, the plan net assets increased by 23% (\$22.4 million). The increase is due to investment gains of \$21.1 million and employer contributions of \$10.8 million, offset by benefit payments and administrative expenses of \$9.5 million.

**Regional Transportation Authority
Pension Plan**

Management's Discussion and Analysis

Changes in Plan Net Assets — The following table summarizes the Plan's Statement of Changes in Plan Net Assets:

**Summary of Changes in Plan Net Assets
December 31, 2010, 2009 and 2008**

	<u>2010</u>	<u>2009</u>	<u>2008</u>
Additions:			
Employer contributions	\$ 11,288,000	\$ 10,827,000	\$ 9,195,000
Net investment gains (losses)	11,967,559	21,105,120	(25,717,293)
Total net additions	<u>23,255,559</u>	<u>31,932,120</u>	<u>(16,522,293)</u>
Deductions:			
Benefit payments	7,449,076	9,080,871	9,184,416
Administrative expenses	629,427	403,807	336,156
Total deductions	<u>8,078,503</u>	<u>9,484,678</u>	<u>9,520,572</u>
Net increase (decrease) in plan net assets held in trust for pension benefits	<u>\$ 15,177,056</u>	<u>\$ 22,447,442</u>	<u>\$ (26,042,865)</u>

Return on investments provides additional funds to pay benefits. In 2010 and 2009, the return on investments was \$12.0 million and \$21.0 million, respectively. The 2010 investment gain decreased by \$9.0 million compared to 2009. The decrease in investment gain in 2010 was due primarily to the net appreciation in fair value of plan investments being approximately half of what it was in 2009. The increase in fair value of investments was \$10.4 million and \$19.3 million in 2010 and 2009, respectively.

CONTACTING THE FINANCIAL MANAGEMENT OF THE RTA PENSION PLAN

This financial report provides a general overview of the finances of the Regional Transportation Authority Pension Plan. Users of this report should address questions concerning the information contained herein, or requests for additional financial information, to the Regional Transportation Authority, 175 West Jackson Blvd., Suite 1550, Chicago, Illinois 60604.

**Regional Transportation Authority
Pension Plan**

**Notes to Financial Statements
Years Ended December 31, 2010 and 2009**

Note 1. Description of the Plan

The following description of the Regional Transportation Authority (“RTA”) Pension Plan (“Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General—The Plan, which became effective July 1, 1976, is a multiple-employer, defined benefit pension plan. The Plan covers substantially all employees of the RTA and its Commuter Rail and Suburban Bus Divisions (Metra and Pace, respectively), collectively referred to hereinafter as the Employer, who are not otherwise covered by a union pension plan. The responsibilities for administering the Plan are divided among a Board of Trustees, a Retirement Committee, a Plan Administrator, and the RTA Board of Directors (“RTA Board”).

The Plan is a pension trust fund of the RTA and has no component units.

The Plan is classified as a “governmental plan” and is, therefore, exempt from the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Participation—Employees are eligible for participation on the first day of the month coincident with or next following their date of employment. At January 1, 2010, the number of participants was:

Participants:

Retirees, disabled participants and beneficiaries of deceased retirees, currently receiving benefits	436
Terminated employees entitled to but not yet receiving benefits	428
Current employees:	
Vested	752
Nonvested	308
	<hr/>

Total	<hr/> <hr/> 1,924
-------	-------------------

Pension Benefits— Participants are entitled to annual pension benefits upon normal retirement at age 65, generally a percentage of the average annual compensation in the highest three years of service, whether consecutive or not, multiplied by the number of years of credited service.

The Plan provides that, upon retirement, benefits will be reduced by a defined percentage for participants who received credit for prior service with an eligible employer.

The Plan permits early retirement with reduced benefits at age 55 after completing ten years of credited service. As a result of the August 1, 1999 amendment to the Plan, participants may receive their full vested benefits if they are at least 55 years of age and their combined age at retirement and credited years of service equals eighty-five or higher (known as “Rule of Eighty Five Early Retirement”).

**Regional Transportation Authority
Pension Plan**

**Notes to Financial Statements
Years Ended December 31, 2010 and 2009**

Note 1. Description of the Plan (Continued)

The Plan provides for benefit payments to beneficiaries subject to the election of the participant.

Disability Benefits—An employee is eligible for a disability pension if he or she becomes disabled after the completion of ten years of credited service, and is no longer receiving long-term disability benefits under a separate RTA benefit plan, or after reaching age 65, whichever is later.

Contributions and Vesting—The Plan is funded solely by employer contributions, which are actuarially determined under the projected unit credit method.

For the purpose of determining contributions, the Plan uses an asset smoothing method which smoothes asset gains and losses over a 5-year period. The minimum contribution is the sum of the normal cost and the 30-year amortization of the unfunded liability.

As of December 31, 2010, \$11,288,000 had not been funded and was reported as contribution receivable in the Statement of Plan Net Assets. The 2010 contribution level was within the actuarially determined range.

Significant actuarial assumptions used to compute contribution requirements are the same as those used to determine the actuarial accrued liability presented in the note to the Required Supplementary Information.

If participants terminate continuous service before rendering five years (ten years prior to January 1, 1987) of credited service, they forfeit the right to receive the portion of their accumulated benefits attributable to employer contributions. All forfeitures are applied to reduce the amount of contributions otherwise payable by the employer.

Annual Pension Cost—For 2010, annual pension cost of \$11,288,000 for the Plan was equal to required and actual contributions.

Three-Year Trend Information

<u>Fiscal Year Ending</u>	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
12/31/10	\$ 11,288,000 (1)	N/A	\$ -
12/31/09	10,827,000	100%	-
12/31/08	9,195,000	100%	-

(1) Contributions for the plan year ended December 31, 2010 are required to be paid in 2011.

**Regional Transportation Authority
Pension Plan**

**Notes to Financial Statements
Years Ended December 31, 2010 and 2009**

Note 1. Description of the Plan (Continued)

The required contribution was determined as part of the December 31, 2009 actuarial valuation using the projected unit credit actuarial cost method. The actuarial assumptions at December 31, 2009 included (a) 8.5 percent investment rate of return (net of administrative and direct investment expenses) and, (b) projected salary increases ranging from 3.5% to 7.5% per year depending on age and service, attributable to seniority/merit. The actuarial value of plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 15% corridor between the actuarial and market value of assets. The Plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at December 31, 2010 was 30 years.

Funded Status and Funding Progress—As of December 31, 2010, the most recent actuarial valuation date, the Plan was 71.28 percent funded. The actuarial accrued liability for benefits was \$166,663,123 and the actuarial value of assets was \$118,805,281, resulting in an underfunded actuarial accrued liability (UAAL) of \$(47,857,842). The covered payroll (annual payroll of active employees covered by the Plan) was \$68,389,409 and the ratio of the UAAL to the covered payroll was 69.9 percent.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Related-Party Transactions—There were no securities of the RTA, Metra, Pace or related parties included in the Plan's assets.

Subsequent events—The Authority has evaluated subsequent events for potential recognition and/or disclosure through June 29, 2011, the date the financial statements were available to be issued.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation—The accompanying financial statements have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America.

Cash Equivalents—Cash equivalents consist of money market accounts with original maturities of three months or less.

Investments—Investments are stated at fair value. The fair value of equity securities and mutual fund units traded on national securities exchanges is the last reported sales price on the last business day of the fiscal year of the Plan. U.S. Government and U.S. Government agency securities are valued at the latest bid price.

Purchases and sales of securities are accounted for on the trade dates. For purposes of determining realized gains or losses on the disposal of investments, the average cost of investments sold, determined at the time of sale, is used.

Administrative Expenses—The RTA provides the Plan with certain administrative services, such as accounting and office facilities, at no cost to the Plan. Further detail relative to the Plan's administrative expenses is provided in Note 5.

**Regional Transportation Authority
Pension Plan**

**Notes to Financial Statements
Years Ended December 31, 2010 and 2009**

Note 2. Summary of Significant Accounting Policies (Continued)

Income Tax Status—The Internal Revenue Service has issued a letter of determination dated June 18, 2003, stating that the Plan was designed in compliance with Section 401(a) of the Internal Revenue Code (“Code”). The Plan has been amended since receiving the determination letter; however the Plan Administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code and is therefore exempt from federal income taxes under the provisions of Section 501(a) of the Code.

Management’s Use of Estimates— The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of Plan assets available for benefits and the actuarial present value of accumulated plan benefits as of the date of the financial statements. Actual results could differ from those estimates. The Plan uses an actuary to determine the actuarial present value of accumulated plan benefits. A change in the actuarial assumptions used could significantly change the amount of the actuarial present value of accumulated plan benefits reported in the accompanying financial statements.

Note 3. Investments

Risk Posture - The RTA evaluated the assets and liabilities of the Pension Plan in order to determine an asset allocation that provides a high likelihood of achieving the responsibilities noted above. The obligations of current and future beneficiaries were evaluated under various market scenarios to develop an allocation that can be expected to generate a solid rate of return without incurring undue risk. In general, the risk posture of the Pension Plan is such that the portfolio is structured to maintain funding requirements and modestly grow assets through a low to moderate level of risk.

Custodial Credit Risk – Custodial credit risk is the risk that in the event of a bank failure, the RTA’s pension deposits may not be returned to it. The RTA’s Pension Plan policy does not explicitly indicate custodial credit risk. As of December 31, 2010 and 2009, none of the Plan’s cash and investments was at risk.

Interest Rate Risk — Per the RTA’s Pension Plan investment policy, the duration of the fixed income portfolio should be within 20% of the duration of the benchmark index.

**Regional Transportation Authority
Pension Plan**

**Notes to Financial Statements
Years Ended December 31, 2010 and 2009**

Note 3. Investments (Continued)

As of December 31, 2010, the RTA's pension investments were as follows:

Investment Type	Fair Value	Weighted Average Maturity (Months)
Corporate fixed income mutual fund	\$ 36,948,820	54
Money market fund	12,266,185	1
Total fair value	\$ 49,215,005	
Portfolio weighted average maturity		53

As of December 31, 2009, the RTA's pension investments were as follows:

Investment Type	Fair Value	Weighted Average Maturity (Months)
Corporate fixed income mutual fund	\$ 37,832,156	81
Money market fund	3,063,300	1
Total fair value	\$ 40,895,457	
Portfolio weighted average maturity		75

Credit Risk — The RTA's pension policy for credit risk states at least 85% of the fixed income investments should be limited to securities with ratings of at least investment grade as defined by both Moody's and Standard & Poor's. Split rated bonds are to be governed by the lower rating. Unrated securities of the U.S. Treasury and government agencies are a permissible investment. No more than 15% of the portfolio may be invested in investment-grade securities of foreign entities domiciled in countries included in the Salomon Brothers World Government Bond Index.

**Regional Transportation Authority
Pension Plan**

**Notes to Financial Statements
Years Ended December 31, 2010 and 2009**

Note 3. Investments (Continued)

As of December 31, 2010, the credit ratings for RTA pension investments were as follows:

Investment Type	Total Fair Value	Credit Rating (where available)		
		Moody's	Standard & Poor's	Fitch
Corporate fixed income mutual fund	\$ 36,948,820	NR	NR	NR
Money market fund	<u>12,266,185</u>	Aa2	*	AA
Total	<u>\$ 49,215,005</u>			

* Not available

As of December 31, 2009, the credit ratings for RTA pension investments were as follows:

Investment Type	Total Fair Value	Credit Rating (where available)		
		Moody's	Standard & Poor's	Fitch
Corporate fixed income mutual fund	\$ 37,832,156	NR	NR	NR
Money market fund	<u>3,063,300</u>	Aa2	*	AA
Total	<u>\$ 40,895,457</u>			

* Not available

NR – Not rated

**Regional Transportation Authority
Pension Plan**

**Notes to Financial Statements
Years Ended December 31, 2010 and 2009**

Note 3. Investments (Continued)

Concentration of Credit Risk - Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. The RTA's pension investment policy states that fixed income securities of a single issuer (excluding obligations of the United States Government and its agencies) should be limited to 5% of the fixed income portfolio, measured at market value. The RTA's pension policy states the asset allocation policy has been developed based on the objectives and characteristics of the pension liabilities, capital market expectations and asset-liability projections. This policy is long-term oriented and consistent with the risk posture. The pension fund did not have any investments in a single issuer which were greater than 5% of the total Plan's net assets.

Note 4. Plan Termination

While it is the intent to maintain the Plan permanently, in the event the Plan terminates, the rights of all participants affected by such termination and their beneficiaries become vested to the extent of the assets then remaining.

Note 5. Administrative Expenses

The Plan's administrative expenses for the years ended December 31, 2010 and 2009 consist of the following:

	<u>2010</u>	<u>2009</u>
Actuarial	\$ 109,970	\$ 135,352
Legal	274,972	76,150
Audit	21,000	20,150
Other	223,485	172,155
	<hr/>	<hr/>
Total administrative expenses	<u>\$ 629,427</u>	<u>\$ 403,807</u>
